

DH-HAS300W-20V

Column Speaker

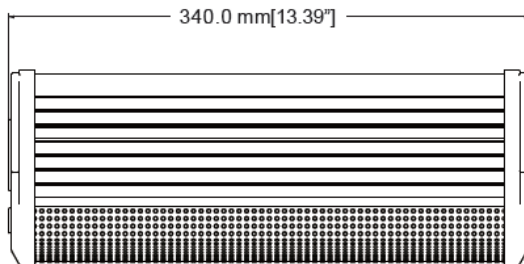

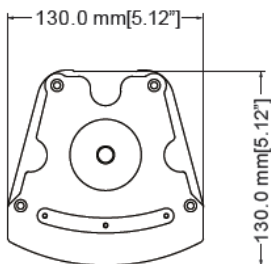

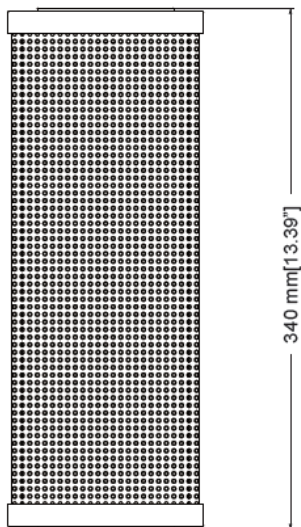

Features

- High fidelity speaker with power amplifier;
- Linear audio input and the output volume supports adjustable;
- Support AC170V~240V input working voltage;
- Water-proof design;
- Integrated aluminum case;
- Easy to install.

Technical Specifications

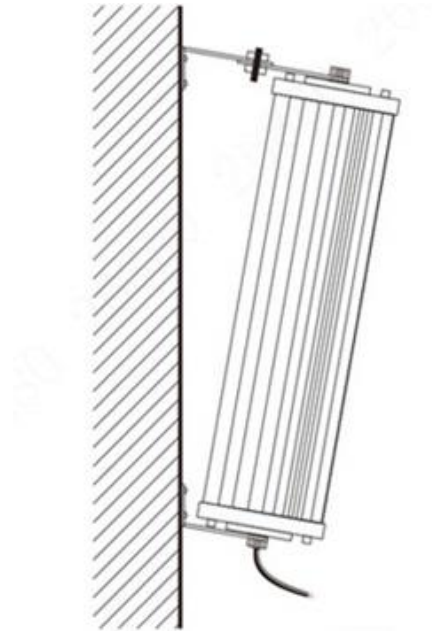

Model	DH-HAS300W-20V
Input voltage	AC170V~240V/50Hz
Rated power	20W
Sensitivity	90dB±2dB
Frequency response	70-15kHz
Built-in horn unit	High fidelity speaker
Output mode	4Ω fixed-resistance output
Input impedance	10kΩ
Operating temperature	-20°C~60°C(-4°F~+140°F)
Product size	130mmx130mmx340mm(5.12"x5.12"x13.39")
Texture of material	Aluminum
Weight	2.7kg(5.95lb)
Transmission cable	Functional cable: 1.2mx audio cable with a 3.5mm audio male plug Power cable: 1.2mx 3 cores power cable

Dimensions (mm/inch)

Application scenarios

- Suitable for public security, transportation, roads, squares, school and other outdoor places.

Package Information

- Column speaker *1
- Bracket mount *3
- Mounting Screw *3
- 3.5mm female plug to RCA female audio connector *1
- User manual *1
